## C. A. CULBERSON SEEK RE-ELECTION

Formal Announcement of His Candidacy Made in Statement to Texas Democrats.

Washington, Jan. 27.—C. A. Culberson is a candidate for re-election to the United States senate. His decision was made known last night in the following formal announcement of his candidacy:

"To the Democrats of Texas: Some months ago in a public statement addressed to you, I said that in due time I would advise you respecting my attitude as to the senatorship which I now hold through your favor and confidence. That time having, in my judgment, arrived, I will say that I have concluded to be a candidate for re-election to that high office and to submit my name for your consideration in the forthcoming primary.

"My views on fundamental public questions and my record upon them are well known to you and on them I will stand in the contest. In addition to this, it is not unbecoming in me to point to my share in bringing about the nomination of President Wilson and to rejoice with you in the brilliant achievements of his administration. His re-nomination is assured, and his re-election is most probable. I have consistently and heartily supported his administration, and if I am re-elected, and he shall succeed himself in the presidency, my course toward his pol-

icies and his administration will be along the same approving and friendly lines.

"While my candidacy for re-election is submitted to you, it is but the part of candor to state that I am not strong enough to make a campaign of the state and I will not attempt it. My candidacy must therefore be left largely to my friends and the Democrats generally who approve my political course, and for whose loyalty and friendship I am deeply sensible and profoundly grateful.

### "C. A. CULBERSON."

#### Positive Trend Given Campaign.

This action on the part of the senior Texas senator puts an end to long drawn out speculation and gives a positive trend to the senatorial campaign which will dispel the air of uncertainty with which it has been enveloped for weeks past. It is admitted that there has been no crystallization of sentiment nor definite lining up of the Democratic voters and that this has been largely due to a general desire to await the decision of Senator Culberson. A definite alignment soon will be apparent.

This announcement makes certain that Postmaster General Burleson will not enter the 1916 campaign, a fact long known to all Texans in Washington who desired to get the true situation. It also means that former Senator Bailey will be unlikely to become a candidate this year.

The ladies of the Civic League wish to express their thanks to all who have contributed to the work of the league and if any have contributed whose names do not appear above, the mistake was unintentional and they are heartily thanked just the same. In this connection the Eagle is authorized to state that several gentlemen have contributed \$2.50 each, but these donations are not yet ready to be reported and will appear in a subsequent statement.

The Sunset-Central Lines furnished their expert landscape gardener, Mr. Adams, who executed the plans for the park which had been previously drawn and contributed free of charge by the late Professor Sam Fountain of the A. and M. College. The railroad also contributed eight carloads of gravel for the park walks.

The Young Ladies' Reading Club contributed \$75 to the league and have \$25 more to give, which will bring their contribution to \$100. They have also promised to collect the annual dues from the members which will be due on Feb. 1. The league earnestly urges all members to respond promptly with their dues when the young ladies call.

Thanks are also due the Pythian Sisters for a liberal donation, to Messrs. H. T. Lawler & Son for furnishing lights free of charge for all entertainments, and to Mr. and Mrs. Fairman for their liberality in giving a number of benefits for the league.

The members of the league have heard that other organizations of the city are intending to make contributions and they are hopefully expectant of material assistance from these sources in the near future.

Work still to be done on the park will cost about \$214, which includes putting in the cable for the lights, putting up the ornamental light poles, binding material for the gravel walks and planting trees for the City National Bank.

The ladies are thankful to all for assistance and earnestly solicit the future co-operation of the entire citizenship to the end that the work undertaken may be completed, and that the earnest effort to build here a "City Beautiful" may be crowned with success.

#### INSURANCE RATES REDUCED.

Austin, Tex., Jan. 27.—More than one hundred Texas cities and towns have recently been granted reductions in their final rates of insurance because of good fire records during the past three years. This action by the state fire insurance commission was the result of long consideration of the statistics gathered from all parts of the state. The maximum reduction is 15 per cent and many Texas towns are striving to accomplish this, as it amounts to a quite considerable sum to each policy holder. Instead of lengthening the good fire record to five years as urged by the insurance companies, the board has decided to penalize those cities with bad fire records, thus equalizing conditions. Hereafter no penalty has been exacted from towns with bad records.

#### BRYAN DRUGGIST

PLEASES CUSTOMERS.

E. R. Emmel reports customers greatly pleased with the QUICK action of simple buckthorn bark, glycerine, etc., known as Adler's-Ka. This simple remedy drains the old foul matter from the bowels so THOROUGHLY that ONE SPONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adler's-Ka never gripes and the INSTANT action is surprising.

### AS THE NEWS BREAKS

[By Associated Press.]

Dallas, Tex., Jan. 27.—Jewish Relief Day is being observed throughout Texas today in keeping with the proclamation of both President Wilson and Governor Ferguson, the latter having been issued only Tuesday of this week. The movement has been taken up to provide aid for suffering Jews throughout the war area of Europe. The matter here is in charge of the Jewish Relief Society, of which J. K. Hexter is chairman.

Pueblo, Colo., Jan. 27.—W. B. Slaughter of Dallas, former president of the closed Mercantile Bank of Pueblo was to go to trial today here on charges of having forged 404 shares of stock of the First National Bank of Silverton, Colo., and having taken mortgages on property to the extent of \$27,000. The trial was to be held in the district court.

Austin, Tex., Jan. 27.—According to figures collected by W. F. Doughty, superintendent of public instruction, and member of the state board of education, state aid has been granted to 1,954 rural schools situated in 151 counties. This has been done out of the million-dollar fund appropriated by the thirty-fourth legislature for this purpose. One-half of that sum is available during the present fiscal year and already \$550,000 has been expended. This includes all those country schools whose applications were made at the last meeting of the board of education and upon which favorable action was taken. It is now apparent that the \$500,000 will be exhausted before the expiration of the present fiscal year. State Superintendent Doughty says that great good is being accomplished through the distribution of this money directly to the points that need it most.

Austin, Tex., Jan. 27.—Passage by the thirty-third legislature of what is known as the local option pool hall law has resulted in a decrease of 1,679 in the number of pool halls in Texas, according to figures in the comptroller's department.
